will update us on the recent Training package and its relevant changes

### **DON'T MISS IT**

**4.00 pm: BBQ, refreshments  
5pm –7.30pm Presentations**

**Book now !!!**

### **Why should you attend?**

Changes have occurred in Pest Management in NSW with EPA taking over licensing from WorkCover in September 2015. While we still have the same obligations under Work Health and Safety, EPA NSW will have a different agenda to WorkCover. Mr Martin Bowles will guide us to ensure we aim at complying with what is required from Pest Managers and/ or their employers.

If you are or employ a Pest Manager, it is your responsibility to ensure that you or your employees are adequately trained for the job. Changes have also occurred in the new training package and you should be aware of it.

**Limited seats - Must RSVP to:**

**Patrick Legey 0438-022 984 or Email: [Patrick@austrapest.com.au](mailto:Patrick@austrapest.com.au) or**
